SHEET NUMBER 27062

LABOUR SAVING BARREL CRADLES.

**BARRIQUE RGB BARREL CRADLES WITH FOUR
CORNER POSTS. PRICE EACH \$80 PLUS GST.**

- **TWO BARRELS PER FRAME.**
- **GALVANISED STRONG STEEL MATERIAL.**
- **MULTI STACKABLE. LARGE QUANTITY AVAILABLE.**

The frame corner posts support the weight of all the barrels which are designed for storage and maturing rather than having to take on the additional wear, tear and stress of the full heavy barrels higher up the stack.

Features; Generally Barrels are rotated every 3-4 months. The ability to rotate barrels without having to disassemble and re-assemble each stack of barrels saves considerable labour time.

Rotating barrels fully while in stacks eliminates the risk of bung wine leakage or even total loss with its safety implications and enables frequent topping up without laying out each barrel on the floor 3-4 times per year - **OFTEN USED TO MOUNT A SINGLE HOGSHEAD OR PUNCHEON BARREL IN EACH FRAME.**
